

Table 6 Correlation between total scores of the CCCSJN and two subscales of the SCTO, a subscale of J-ISS

	N=390	
	CCCSJN	
	r	p
1. The Social Critical Thinking Orientation: subscale diversity understanding	0.51	< .001
2. The Social Critical Thinking Orientation: subscale other understanding	0.47	< .001
3. Japanese version of the Intercultural Sensitivity Scale: subscale positive feelings toward different cultures	0.61	< .001

r = Pearson correlation coefficient p = probability value
