## CONTENTS

---

- Error Analysis, Design Theory and Favorable Operational  
Condition of Electronic Analog Multipliers and Dividers.  
..... Yasuji Miyake and Mahito Ichikawa 1
- Kinetic Studies of Thermal and Catalytic Cracking of Light  
Hydrocarbons. .... Kiyoshi Kubota and Noriyoshi Morita 63

### Research Reports

- Low Turbulence Wind Tunnel of Nagoya Univ. ....  
..... Yoshimasa Furuya, Hideo Osaka and Takehiro Kushida 102
- Heat and Mass Transfer from a Shrouded Rotating Disk. ..  
..... Akira Iguchi and Tadasu Maki 112
- Effects of Entrained Air on the Performance of Centrifugal  
and Axial Flow Pumps. ....  
..... Mitsukiyo Murakami, Kiyoshi Minemura and Hakaru Suehiro 124
- Observations of the Magnetic Anisotropy and the Magneti-  
zation Reversal in Local Regions of a Permalloy Thin  
Film by Lorentz Microscopy. ....  
..... Michio Hibino and Susumu Uchiyama 134
- Zero Assignment in Linear Multivariable Decoupled Control  
System. .... Shigeyuki Hosoe, Kimihito Furuta and Masami Ito 143
- Heuristics and Learning Control  
(Introduction to Intelligent Control). ....  
..... Kahei Nakamura and Moriya Oda 155
- A Control System Improving Its Control Dynamics by Learn-  
ing. .... Kahei Nakamura 165
