CONTENTS

- On the Vibrations of a Shaft Carrying an Unsymmetrical Rotor. Toshio Yamamoto and Hiroshi Ōta 1
- Axisymmetric Elasto-Plastic Deformation of Circular Plates under Combined Action of Lateral Load and Membrane Force.....Yoshio Ohashi and Sumio Murakami 79

Research Reports

- The Effect of Flat Shaft on the Unstable Vibrations of a Shaft Carrying an Unsymmetrical Rotor.
(Part I. Analytical treatment).....
.....Toshio Yamamoto, Hiroshi Ōta and Kazutoyo Kōno 122
- Aktivität des Eisenoxydes in $\text{FeO-Al}_2\text{O}_3\text{-SiO}_2$ Schlacken bei 1600°C Yasushi Kojima, Michio Inoue und Takao Irimajiri 135
- On Sulfur Hot Cracking of Weld Metal.
.....Isao Masumoto, Koreaki Tamaki and Muneharu Kutsuna 143
- On a Generalized Sampling Theorem.....
.....Éi Iti Takizawa and Keiko Kobayasi 153
- Switching and Hysteresis Characteristics of Exchange Coupled Composite Soft Magnetic Film.....
.....Kōichi Makino, Morio Masuda, and Susumu Uchiyama 161
- Optimum Condition for Development of SWA (II).
..... Katsuhiko Okada, Fujiko Sugiyama and Kogo Kamiya 167
- On the Performance of a Wing Having Tip Clearance.
Part I. The Case in Which the Tip Clearance is Contained within a Non-Uniform Flow.
.....Shintaro Otsuka and Yoshiyuki Sugiyama 172
